

Food Market

GrocerEats

Putting the local producer and
consumer in contact

WHY

- Customers struggling to find nearby shops offering fresh, local goods
- Small producers looking to make an extra buck
- Reducing food waste

Why We Stand Out

Customized locations

Local & Organic

100%
ORGANIC

Wide Selection

Easy-to-Use App

HOW

Quick In-App Browsing

Our app will allow customers to locate nearby sellers and view real-time stock availability

Convenient Location

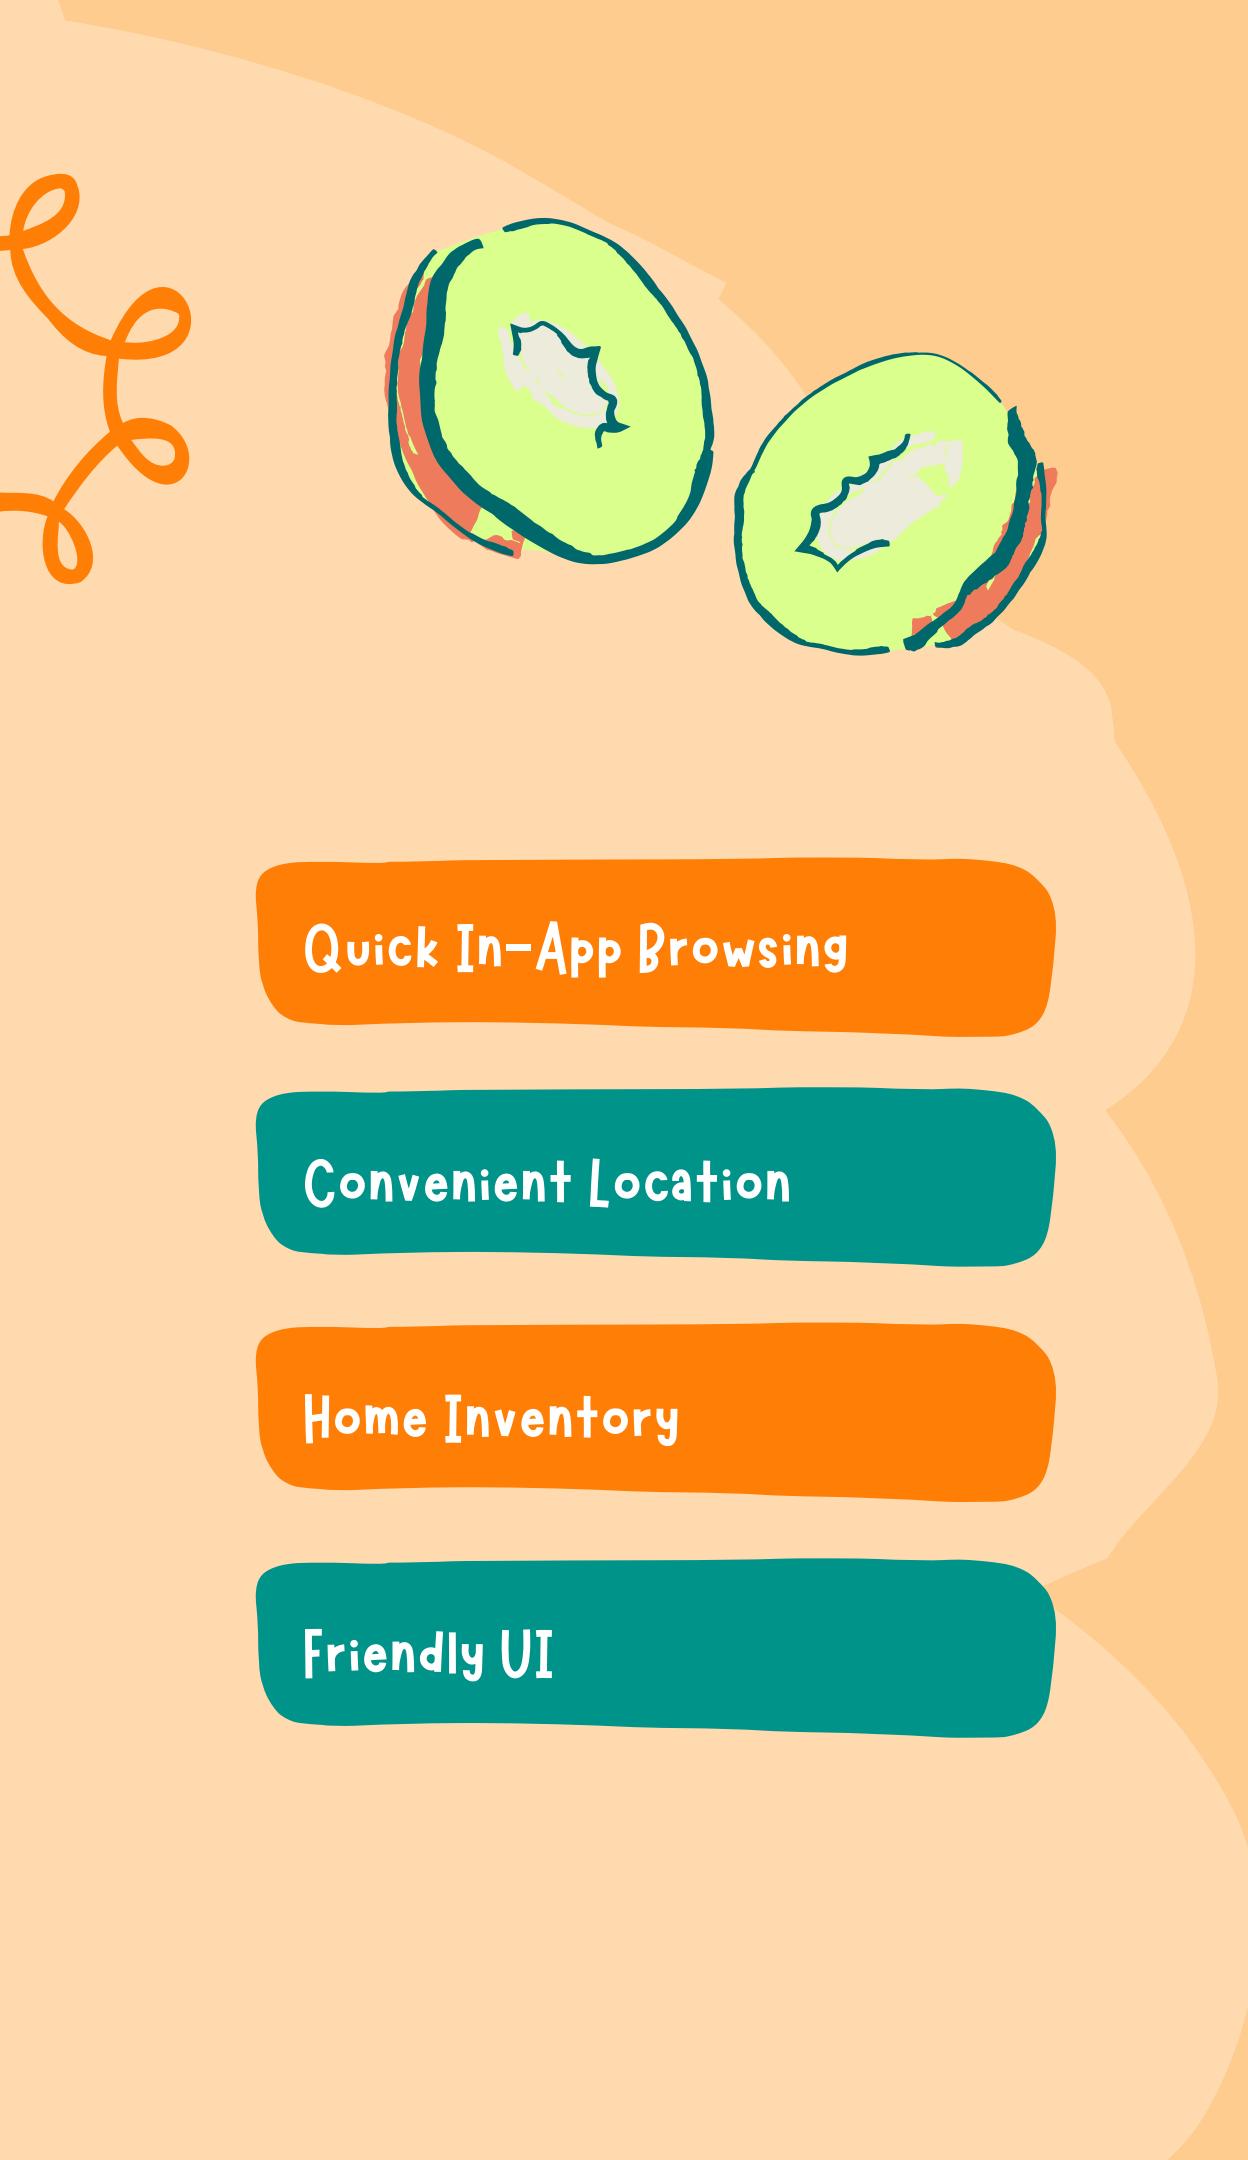

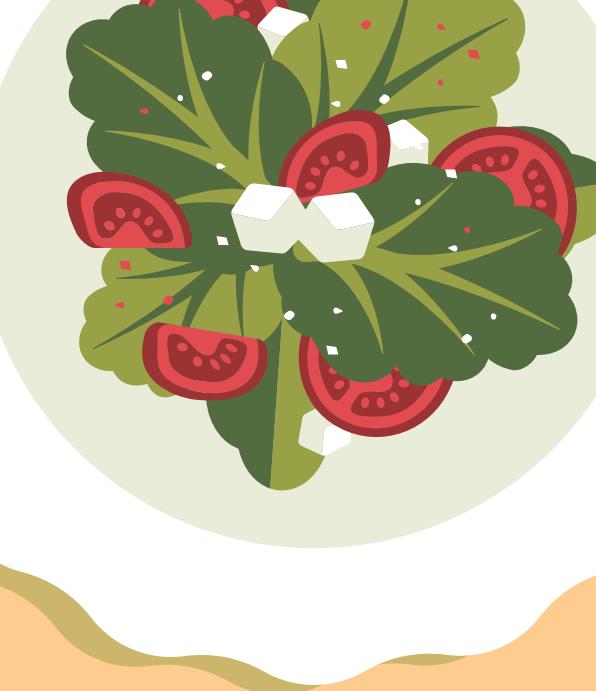

Sellers can select an existing pick-up point for their shop, or choose a new location on the map

Home Inventory

Sellers can join the community and start listing their goods

Friendly UI

User-friendly interface easy to use for people of all ages

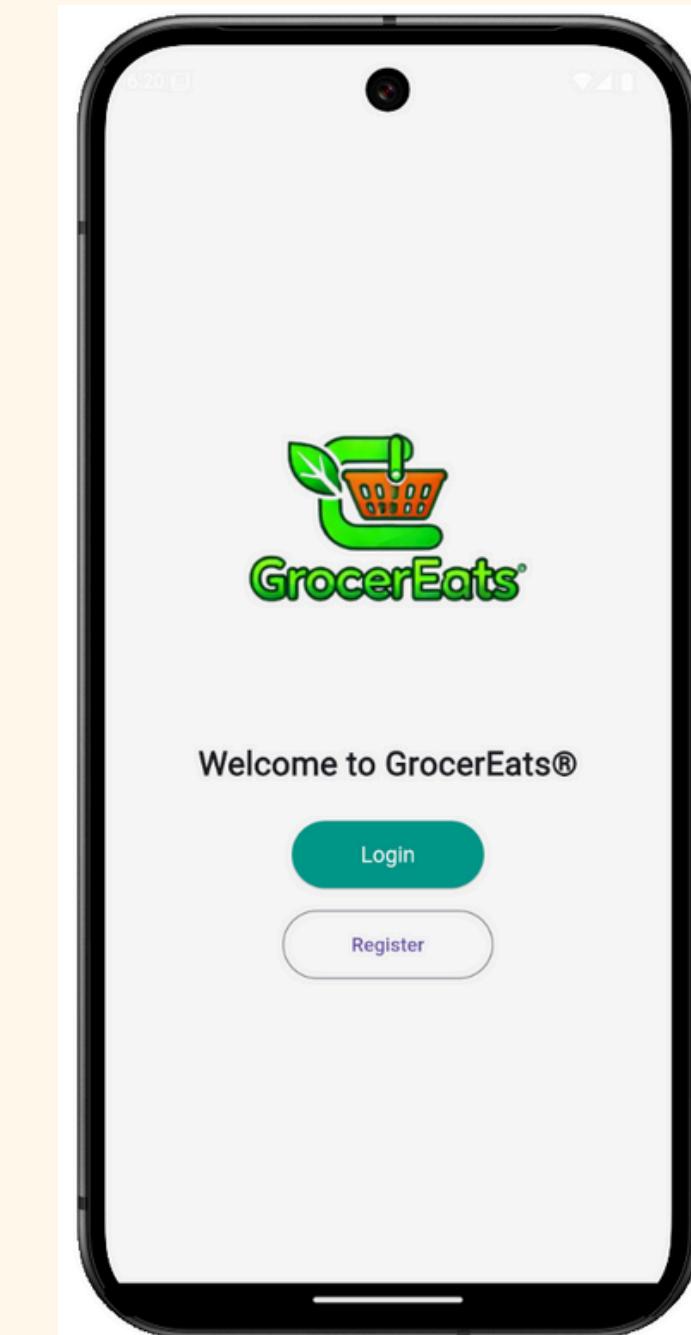

Target Audience

Healthy Lifestyle

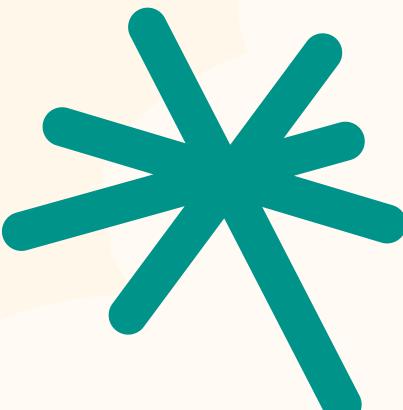

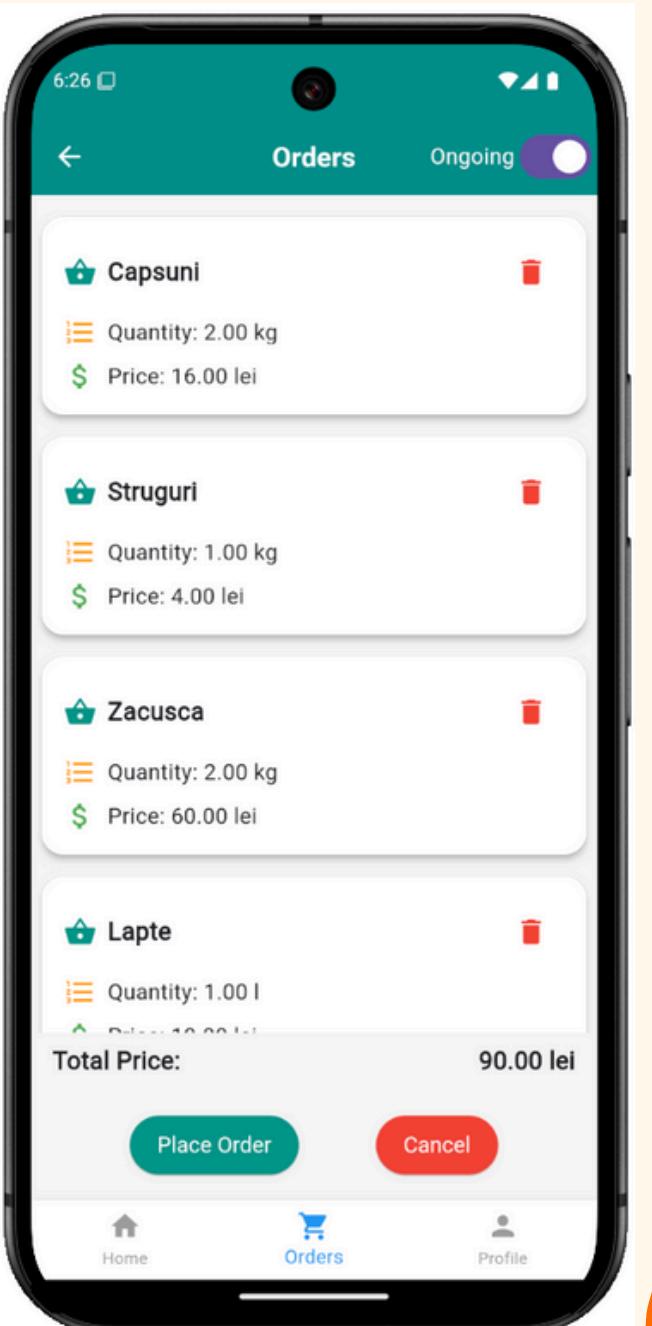

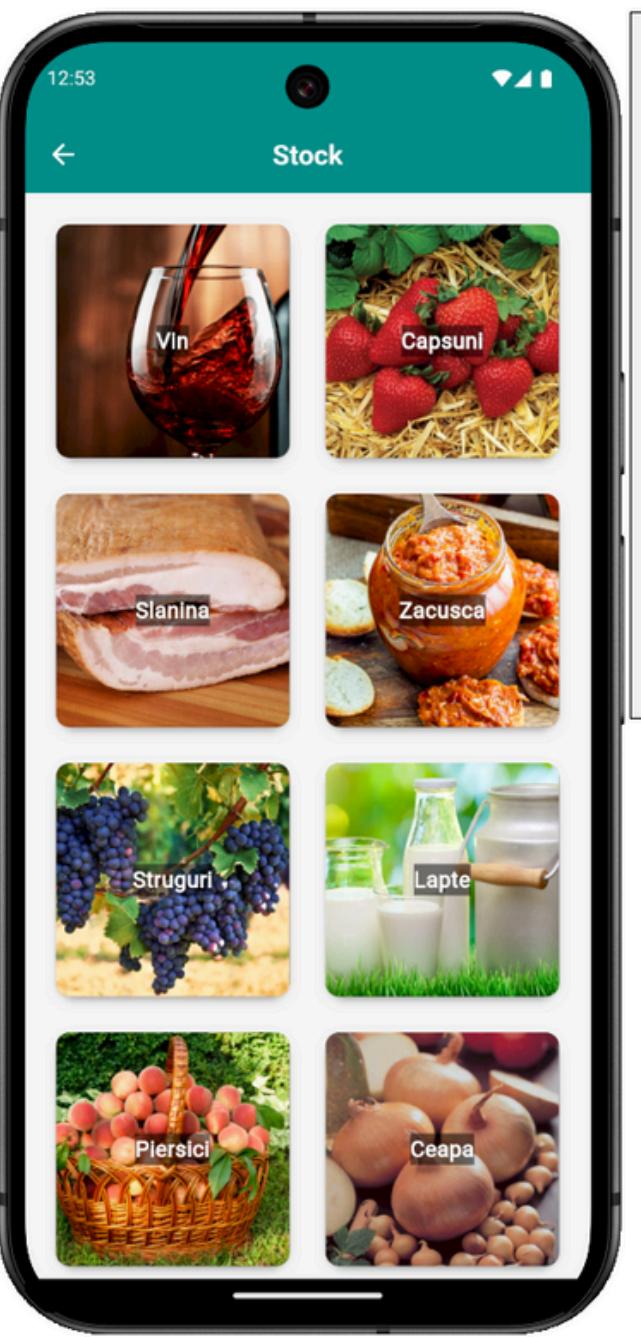

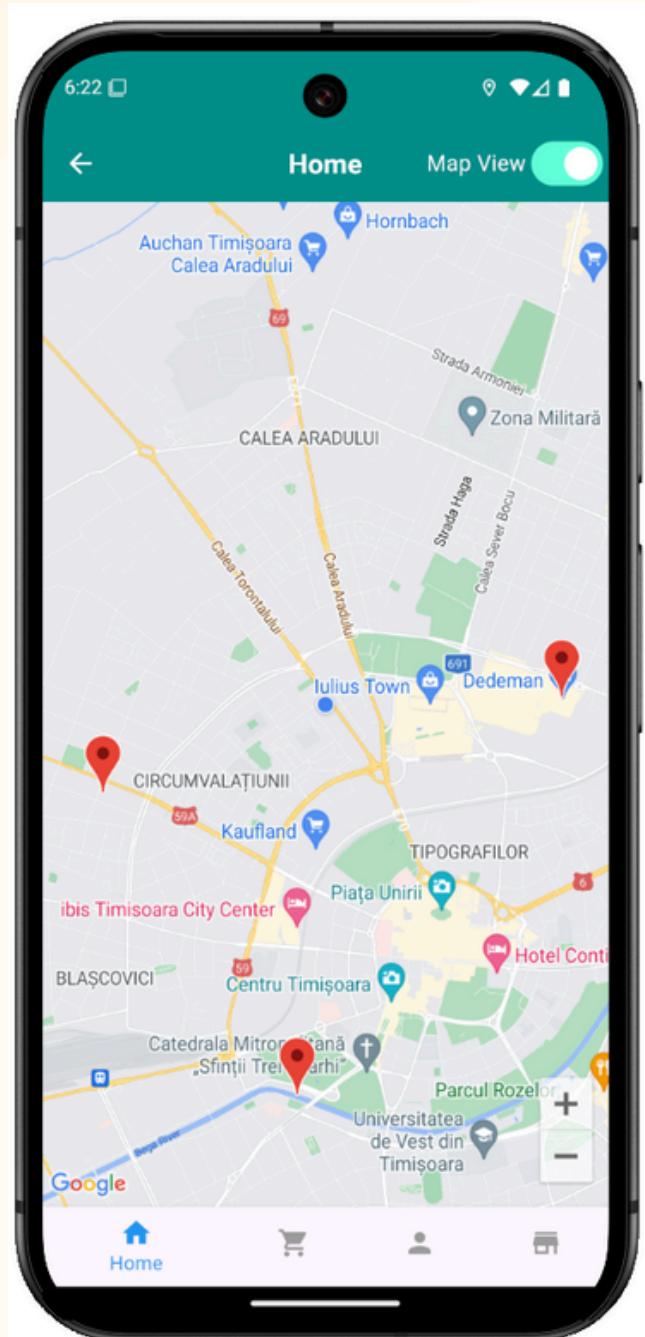

People looking to start a healthier lifestyle

Small Shops

Small producers who don't have the capacity to deliver the quantities asked by supermarkets

Here's How You Can Place an Order
